

Green Site: **arquible.com**  
Certified by **iPage**

## The Website **arquible.com** is Green Certified

iPage, an EPA Green Power Partner, certifies that the data centers and web servers supporting **arquible.com** are completely powered by wind energy.

### What Makes **arquible.com** a Green Website?

By choosing iPage's web hosting solutions, **arquible.com** has become a certifiably green website. For every KWH of energy that iPage uses, the company purchases Renewable Energy Certificates to offset that amount with wind energy by 200%!

### iPage's Bottom Line

With iPage, the same dedication to reliable hosting is applied to environmental responsibility. That means by hosting with iPage, **arquible.com** has helped the company prevent the annual release of approximately 1,144 tons of carbon dioxide into the atmosphere, without sacrificing the functionality of their site. To put this number into perspective, the benefit is equivalent to planting nearly 244 acres of trees or taking 224 cars off the road.

### About iPage

iPage, an industry leader in security, is the first web hosting provider to include SiteLock's suite of verification and fraud-prevention services within a hosting plan. Catering to individuals and small businesses worldwide, iPage provides various site builder tools, marketing services and SEO solutions.
